Engage for Change Rotary Junior Champions

Year 5 and 6 – we need you!

Are you interested in making a difference in your school or local community?

Do you want to be a leading force in making change happen for the better?

If yes, then get involved in our **Engage for Change 6-week Social Action Project.**

What is Social Action?

“Social Action encourages young people to use their energy, skills and ideas to change society and the environment for the better.”

Social Action...

- Boosts skills, confidence and wellbeing in young people.
- Builds relationships and trust between young people and the wider community.
- Empowers young people to tackle the issues that matter to them.

If you are interested in joining the FREE sessions with Burton Albion Community Trust, then please speak to Mrs Hands to register your interest.

Sessions will run during Friday lunchtimes.
