

9th December 2020

Dear Scientia Families,

It is nearing the end of term and what a term it has been! Thank you for all your positive feedback and support since September, particularly if your child has been part of one of the bubble closures. We are not expecting any of our procedures to change in January, we will inform you over the holiday if anything does change.

END OF TERM

We will be breaking up for a much-needed holiday on Friday 18th December from 1.00pm as already communicated. We are making no changes following recent government guidance, finish times are as follows:

Nursery: morning session finishes at 11.20am for all children, **there will be no lunch club or afternoon session on this day.**

Reception: 1.00pm

Years 1, 2 & 3: 1.10pm

Years 4, 5 and 6: 1.20pm

Please go to your normal collection points.

TRACK & TRACE

During the holiday period we will still be responsible for track and trace of any positive COVID-19 cases. We will be sending out a 'Microsoft Form' so that that you can easily notify the school. This will be sent next week. This needs to be done throughout the two-week holiday period. Where positive cases are identified we will communicate this to all families affected through email and text. Please make sure we have your most up-to date contact details.

DATES

Wednesday 16th December: Christmas Dinner day

Thursday 17th December: Festive Bubble Party Day- party clothes or Christmas jumpers- £1.00 donation towards our sensory room fund

Friday 18th December: Term finishes from 1:00pm

Monday 4th January: All children to return to school

Friday 15th January: School closed - INSET day

We have really missed seeing you all at our normal performances and events so far this year. Look out for some surprises from your children next week, they are planning some Bubble friendly ways to spread some Christmas fun and good wishes. Let's hope that we all get to have a peaceful holiday and we can start the new year refreshed and well.

Kindest Regards

Helen Bye

Headteacher
