Dear Parents/ Carers,

In support of our home learning and homework provision, we are pleased to inform you that, for children in Years 1 to 6, we are continuing to use the online learning platform, Showbie.

Staff will use this platform to set the weekly homework tasks and children will be able to share their work on the platform with their class teacher. Teachers will monitor responses to learning and provide feedback to pupils. If there is any disruption to your child's learning due to covid – work will be set for them on this platform.

New users will need to set up a student account for your child. This can be done at: <https://www.showbie.com/> where you can sign up for free.

If you already have an account, you will only need to add the new class code by clicking on the spanner on the top left-hand corner of the page. You can add more than one class code to an account, allowing you the opportunity to quickly access work for siblings.
