Dear Parents/ Carers,

To further improve our home learning provision, we are pleased to inform you that we have now set up an online learning platform, which you are encouraged to join.

Staff are beginning to use this platform to set the weekly home learning tasks and children will be able to share their work on the platform with their class teacher. Teachers will be able to monitor responses to learning and provide personalised feedback to pupils. We are confident that this will further improve communication between your child and their current class teacher.

In order to access this online platform, you will need to set up a **student** account for your child. This can be done at: <https://www.showbie.com/> where you can sign up for free.

Once you sign up for a student account and log in, you will be asked for a 'class code'. The code for your child's class is below:

#### **Class Codes – Showbie**

<b>Class Name</b>	<b>Code</b>
Nursery	<b>DT8BG</b>
Plato	<b>WELPK</b>
Aristotle	<b>6FTVH</b>
Socrates	<b>4WNKM</b>
Tisias	<b>GG9BN</b>
Archimedes	<b>5FPKK</b>

Once you have gained access to your class page, you will be able to see any 'assigned work', which will be set by the class teacher. By clicking on an assigned piece of work, you will then

be able to submit a response. This could be in the form of a message, a file or even a photograph.

We would also actively encourage you to share any additional activities your child is enjoying at home alongside work set by school.

Please do not hesitate to contact the school office or any of the class teachers if you have any questions about Showbie.

Kind Regards,

*Laura Hands*
